Mr. Pham Duc Trung Kien
Executive Director
Vietnam Education Foundation

Dear Mr. Kien:

Warm greetings from the Southeast Asian Ministers of Education Organization Regional Training Center (SEAMEO RETRAC)!

I am writing this letter in support of the VEF-sponsored Quality Assessment Initiative for Computer Science, Electrical Engineering, and Physics at Selected Universities in Vietnam as a co-sponsor. SEAMEO RETRAC is pleased to provide technical assistance for the project. In detail, we will share professional expertise and skills in the evaluation process after every phase of work as well as of the entire project.

In addition, SEAMEO RETRAC would like to develop wider cooperation with VEF in holding training workshops/seminars/conferences in the topics of mutual interest. Along this line, VEF will take care of resource persons and SEAMEO will host the activities including providing the venue, selecting the appropriate participants, and coordinating other related activities.

I am sending best wishes while I am looking forward to further collaboration with VEF.

Sincerely yours,

A handwritten signature in blue ink, appearing to read 'Do Huy Thinh'.

Do Huy Thinh, Ph.D.
Director

Dedicate to Regional and International Cooperation in Human Resource Development and Exchange in Education, Science and Culture
